## PLATFORM

—OF THE—

**Democratic-Conservative Party.**

—OF THE—

**STATE OF MISSISSIPPI.**

ADOPTED IN CONVENTION, AUG. 3, 1875.

The Democratic and Conservative people of the State of Mississippi in Convention assembled, invoking the blessing of Almighty God on their efforts, and inviting the co-operation of all citizens of the State who favor an honest, impartial and economical administration, do adopt the following declaration of their aims and principles:

1st. We recognize and will maintain the civil and political equality of all men as established by the Constitution of the United States and the Amendments thereto.

2d. We are in favor of the education of all the children of the State in public schools, sustained by adequate taxation, but we are opposed to extravagant or partisan administration of said schools.

3d. The selection only of honest, faithful, and competent men, for all offices from the highest to the lowest.

4th. Economy in the administration of the Government; the abolition of useless and unnecessary offices; and a reduction in the fees and salaries of those that are retained, and a strict and rigid accountability of all officers having the custody of public moneys, or charged with its collection.

5th. Biennial sessions of the Legislature, and a reduction in the expenses of that department of the government; and we denounce the Republican party of the State for their violation of pledges on this subject.

6th. The selection of an able and competent judiciary, and a confining of the Judges to judicial functions purely, so that all temptation to partisanship on the bench shall be removed.

7th. A discontinuance of the enormous evil of special and local legislation, and in its stead the enactment of general laws under which local and private interests will be fully protected.

8th. The encouragement of agriculture, by securing the farmer and the laborer the just rewards of their toil and capital, and by relief from the burdensome taxation which now consumes their substance.

9th. The encouragement of manufactures in our midst.

10th. The elevation of the standard of official character, so as to infuse into official life a sense of public duty, the spirit of patriotism and integrity, to the end that government law and public authority may be invested with the moral influence and dignity which will insure respect and obedience.

11th. We favor immediate action of the general government for the protection of the Mississippi river lowlands against inundation.

12th. The building up of partisan newspapers by legislation; the arming of the militia in time of peace, the unconstitutional attempt to take from the people the election of tax collectors, the attempted passage of the Metropolitan Police Bill, the attempted corruption of the Judiciary by the use of Executive patronage, we denounce as gross outrages upon the constitutional liberty; while, as evidence of the utter incapacity of our present rulers, to administer the affairs of the State, we point to the mass of confusion in which the revenue and registration laws of the State have become involved; the necessity of extraordinary sessions of the Legislature to cure the blunders and follies of the regular sessions, and to the repeated Executive and legislative acts which have been, by the Supreme Court, declared unconstitutional and void.

13th. That we cordially invite the voters of all the people of both races, to unite vigorously with us in the approaching canvass in a determined effort to give success to the foregoing principles, and thus to secure to ourselves and our posterity, the blessings of an honest, economical government, administered by able, efficient and competent public officers.

## BRIDGE TO BE RESULT.

**SEALED PROPOSALS TO BUILD A TRUSS** Bridge on the site of the old one, of 60 feet spans over the main stream, benches to be set on piles, and the truss-work on the east side of the stream to be in spans of 20 feet each. One and one-fourth round iron to be used in all bolts, of which there is supposed to be enough in the wreck. False caps to be used on the four main benches. Double bolts in foot of each brace. All sound flooring and timber of cypress or heart pine, may be used in rebuilding said bridge, except in the main spans, which must be all new and of long-leafed heart-pine.  
The bridge will be two feet higher at the east end than the old one, with an apron of thirty feet projecting over the turnpike to ascend to the level over the brick abutment, when this level will be maintained to the west bank of the river, which will bring the top of the capill eleven feet below the present top still on the west bank. It will be seen by this that the bridge will be eleven feet lower than the old one, and on a perfect level from bank to turnpike.  
These general items are given in order that bidders may know what the Board will consider.

Plans and specifications will accompany each bid, describing the site of timbers proposed to be used.

The lumber must all be sawed.  
All sealed bids accompanied with specifications will be received up to Tuesday, the second day of November, 1875, directed to Chancery Clerk, Jackson, Miss., and marked "Bids for Bridge over Pearl River."

The Board reserves the right to reject any or all specifications and bids.

Shelton, Esq., are expected, with others, to address the people.

We have agreed to close all business, and go to Jackson in a body, on the 26th.

M. T. MORRISON, Sec'y.

Great Mass Meeting and Barbecue at Meadville, on Wednesday 27th of October.

The following speakers are invited, and expected, to address the meeting:

Hon. A. G. Brown, Geo. Robert Lowry, Hon. Geo. L. Potter, Col. Ben. King and J. B. Chrisman, Esq.

Carroll county.

VAIDEN, Miss., Oct. 16, 1875.

DEAR CLARION:—Our candidates for the Legislature and for Sheriff, Chancery Clerk and Treasurer, have just finished a general canvass of the county. Carroll is on her feet again. Such unanimity of feeling has not been evinced by her people, and general determination to throw off the yoke of Radicalism expressed, since 1868. Set Carroll down for reform. Many colored men are going with us, and since the nomination of the Radical ticket on the 13th, many more are "sick at the stomach." Our Conservative friends are preparing for the funeral of Radicalism on the 3d of November. Vaiden and Southworth are making things so hot that the Rads dare not face them in the canvass. We will keep the column moving until we close with a glorious victory on November 2nd. Mississippians must rule Mississippi. Your friend,

Tom.

Hon. Frederick Seal

A friend on the seaboard writes us:—

"You are well apprised of the popularity and great personal influence of R. Seal on the sea-coast, and in the country east of Pearl River generally; but the vote he will receive in all of these counties will astonish you. I have lately been over Covington, Marion, Perry, Greene and Jackson, and every man I met seemed to consider Seal under his own particular care. He is the first real piney-woods man ever up for Congress, and every family is up in arms for him. Many of the colored voters manifest the same interest, and openly proclaim for him. I am glad to notice this evidence of gratitude—for he is and has been the best friend the colored people have ever had in this part of the country. Letters received here from Port Gibson, Meadville, Fayette, Liberty and Natchez, speak of the favorable impression Col. Seal has made in that quarter, and confidently predict his election. If it depends on the vote of this section, his success is insured. His vote here will be nearly unanimous."

## THE CANVASS.

Enterprise Courier.]

Many of the more intelligent colored people openly express their dissatisfaction with the Radical ticket in Clarke, and say they will either vote the Democratic ticket or not vote at all.

Pascagoula Star.]

The full registration of Jackson county is made—excepting the five days at Seranton, just before the election—with the following result: whites, 756; blacks, 340; total, 1096.

Tate County Tidal Wave.]

It is now little more than two weeks to the election. This short time is full of importance to us as a people, and will prove of incalculable benefit or of lasting injury. The reaction which must inevitably follow a defeat, would be fatal to all future efforts for many years to come.

It will not do to contemplate the appalling consequences of a failure in this election. We must triumph if we value our future as worth contending for.

W. A. MORGAN, our County Superintendent of Education, bids farewell to Yazoo county-to-day. He goes to see his mother-in-law, in Indiana.—Yazoo Herald.

In Panola county the Conservatives are jubilant. We are told that our cause there is all right. Roll on, thou deep blue ocean, roll!—Falcon.

The Governor responded that, in view of this assurance, he would meet their views as far as possible, and order all the militia companies to disperse to their homes. It was agreed that the arms of these companies should be deposited in the neighborhood in which the companies were raised, and be guarded by U. S. troops, and be removed only by order of the Governor. The arms would not be delivered except in case of riot or insurrection which could not be suppressed by the civil authorities.
